King Killer's President Report.

So far this year has already had two events, firstly Le autocross and then Joombie's and Mine's day run, both which saw some of the best attendances we have seen in a long time! Well done those involved whether it competing spectating or being involved in one way another.

Welcome to our new members :

Firstly the third Ogilvie, Troy,
Brett Page driving a Datsun 1600,
Scott Smith and Jason Cross jointly owning another 1600
Lindsay Stone with a broken foot and his Mazda Capella

Welcome back to Col Williams who's Mazda 323 will soon be rebuilt and back competing.

Also welcome back to Ron and Robyn who have been very helpful over the past years as assistants without being club members.

And last but not least welcome and farewell to Paul Mora who shortly leaves back home to Condo-Land. Thanks Paul for all you assistance in getting a club motivated again. Pity you and the mongrel won't be here to compete with us. Good luck in your future ventures.

The last General Meeting unfortunately only saw poor attendances almost to the stage where we didn't have a quorum. Please make an effort to attend these meetings as usually important decisions concerning club commitments are made. Your views are needed to ensure the managing committee operates to its best capacity.

Please note the club calendar in this edition for upcoming events. I hope to see you there.

Regards, Killer

customers (Q16). At the tennis court we found that 'Spalding' was the name that the game grew up with (Q17). Right into Reardon St to read that 'Besco batteries' were sold here (Q18).

Back into Currajong and right from McLeod St into Hammett St to find that there were no book shops on the left hand side of the road (been caught like that before at an auctioneers in South Townsville).

Left into Bussey St and right into Palmerston St to find that 'Reconciliation' happens at 5.15 on Saturday (Q20). Left into Stafford St and Tippet St and right into McInney St to find that the pizza would cost \$21.50 (Q21). After I finished the additions (left the calculator at home) I found the Falcon boxed in on all sides - Paul behind, Jo in front and Hally on the outside. Left into McDonald St with Paul in the Van in hot pursuit - on to the Public Telephone with it seemed 40 people trying to find the D.O.M. and serial number 'Apr '79 & D17012'. Paul decided that it would be a good time to get at the opposition by removing the keys from the Falcon, but didn't succeed (i think the kids fought him off) but I seized the opportunity to take the keys from the van - only to find he had a spare set.

Right into Kingston St and left into Hugh St, after the lights we spotted 'Sigi Graf's' dog (Q23) was on top of the building and turned right into Attlee St to find VRC 'IOU' and Hally coming in the opposite direction - again! - He must have got the VRC he nearly knocked it down doing a U turn. Out to Woolcock St and right into Hugh St to find that the store on Bundock St was a depot for 'Great Northern Drycleaners' (Q24).

We continued down Bundock St to turn left into Evans and right into Hooper where we found 'Dumping of rubbish in drain' was prohibited (Q25). Right into Bishop St and left back into Bundock St, left into Ryan St, right into Hayes St, left at Cook and Rose to find that 67 had 7 units (Q26). We were passed by Speedy. Left into Isley St to see us past the Jezzine barracks to find VRC 'RX4' before turning left into Howitt and right to the Strand. Luckily we missed the 'ice storm' that others experienced in the area where Killer and Crew were checking the field.

Right into Landsborough St and left into Mitchell, right into Gregory and left into Stanley - through the cutting and right into Wills, left into Sturt St to find 'Doug Cameron Real Estate' was multilisted (Q27). Right at the lights and left over the hill via Melton Tce and Cleveland Tce, back down Denham St to go behind the old Kern building where M.C.Berns and E.A. Johnson were the medical practitioners in Hamilton St. Right to Denham St and over the hill and left into Leichardt, Denham, Hale and Murray Sts, down Gregory St to the lights where the flats directed all enquiries to 'Flat 1' (Q29). Left into Warburton - right to Kennedy and Eyre Sts to find the walk thru to 'Schizophrenia Fellowship' (Q30). Left back into Gregory and Mitchell St and right again into Kennedy, down the Strand to find 'Steam Train C17' (Q31) gave many years of service.

Down the Strand and past the Great Barrier Reef Marine Park, down Flinders St, left into Dean St to head down Ogden St, Stanley St and Flinders St to find the A/H hours number of 'Scotchline Tinting' at 832 was '253423' (Q32). Over the causeway to find 'Top Gear Performance' was between the Real Estate and the Service (Q33) and Holden Hi volume oil pumps were \$155 (Q34).

Right into Bayswater Tce, Sussex St, left into Bayswater Rd to find that O.Coco was a 'Shoe Repairer' (Q35). We proceeded down Kings Rd and Woolcock St to find that 'Kelli's Bistro and Sizzlers' sell Steak, Seafood and Salad (Q36), past 'The Rugby Club' (Q37). The last VRC '6FI' was located in Lillipilli St and then a quick sprint to the shed for drinks and eats.

Thanks to Killer and Joombie for the enjoyable 'Marathon' day run, Jo for arranging the drinks, food etc. and Boxhead for keeping us on the straight and narrow.

Autocross 1 - 10 - 20! Feb 92

Lee Williams and family provided a course for all us speed buffs to practice all our slip sliding skills and spill we did! All twenty-three of us. Yes 23 started, 20 finished and all had a great time.

Time-keepers, spunky ones at that, did a great job but the shade must have been welcomed. Thanks girls plus Geoff - Stewards ugly as ever helped away in the background all day. Safety marshall - Warren and Co - boring but necessary job.

Tent, drinks and food - Joanne you are good - and all the helpers. Well done, though the pool could have been supplied with a spring board!

What a top spot - can we do it weekly.

Action well we al got away about 10:15, after ample water from Craig's water bomb truck - good idea. Kiwi, Boxhead's twin, got stuck into it straight away and set the pace for all of us and staged a good dice with Shawn and Don, all within a second of each other finishing 7th, 6th and 5th.

New rascals Brett and Jason had a ball in a brown brindle 1600 and tried something different - slicks! Awesome traction destroying diff!

Consistent times from a lot of people all day. Chris Harrison equalling lap 1 and 3.

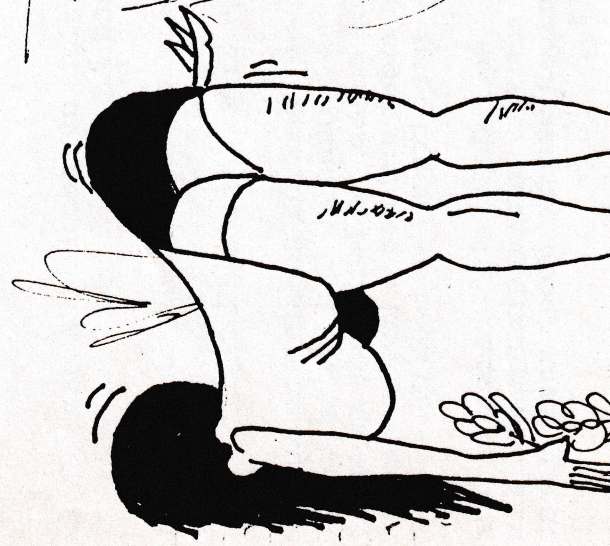

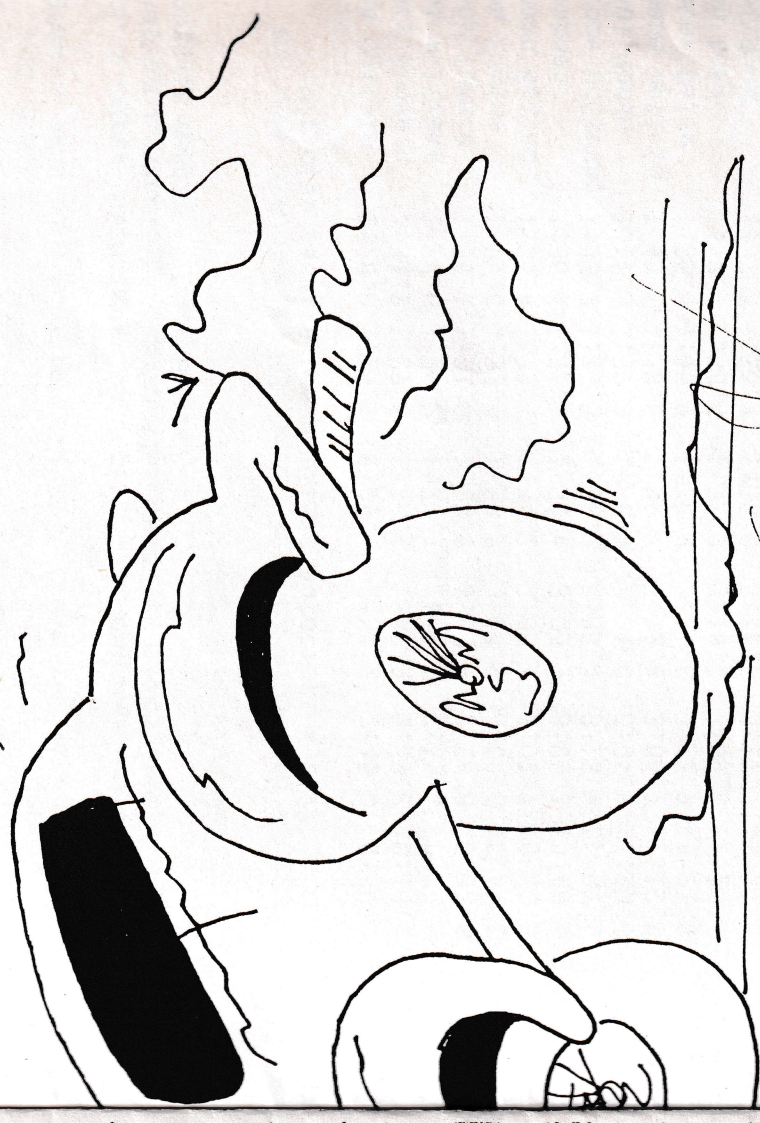

The Eggins family also were persistent especially that miss hey Shawn. Geoff Millar and Lindsay Stone kept their cool all day and ran evenly to their pace all day.

Brosee and Myself wished we could be consistent as our time duck shoved themselves around all day trying to get an upper edge. Speaking of edges, we both went close to the edge up on about turn eight and had a lovely view of cane fields below -it's the best track I've been on.

Hey all the new faces - well done club backbone for attracting all the recent activity in membership. Which is what we want - a new member writing about their first

autocross or any event. Come on give us heaps and get to it.

Must go. Watch out for Lee's beast at the next Mutanee bash. See you then or at the Endeavour Foundation off road.

Oges.

P.S. I agree with Don don't give the buggies an inch as they will grind you into the dust. - Looks like a dust storm is coming - Good Stuff!

March Day Run with Robyn and Ron.

Well, I was surprised at the number of DNF's in the Day Run, nine cars in all turned up, eventually, and only two completed the course.

I didn't think it was going to be that difficult but obviously it was. My apologies, I'll have to make the next one easier.

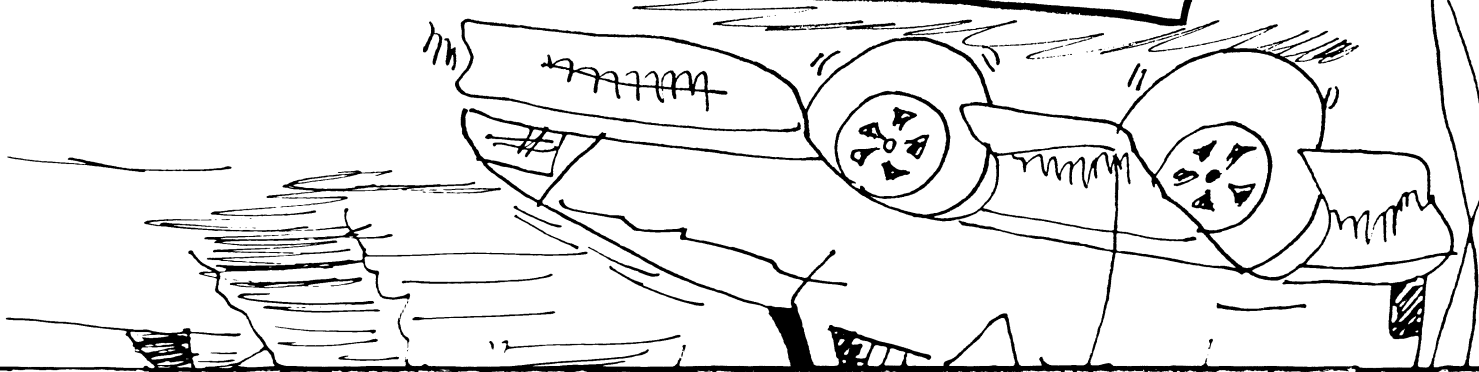

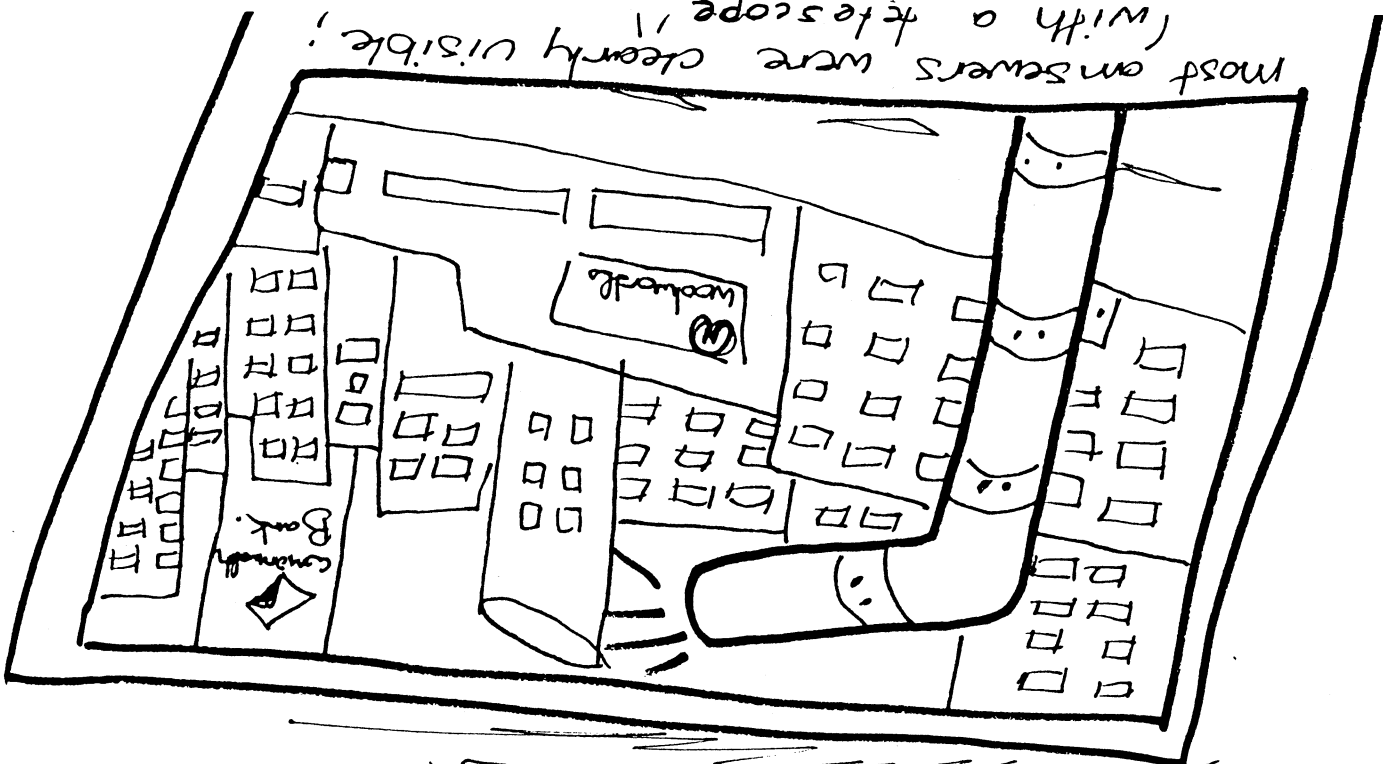

Anyway I hope everybody had a good time, that's the idea isn't it, and I'm sure we all enjoyed the party for Paul after (or should I say 'Slack').

P.S. Due to gremlins in the works final results are as follows :

1. Tony and Jo
2. Shane and Basic
3. Peter and Boxhead
4. Col and Ken
5. Ken and Jodi
6. Andrew and Karina
7. Rodney and Leanne
8. Paul and Glen

'Slack' Bastard of the Month' award goes to Killer for not finding the time to scratch out an article on Robyn and Ron's Day Run.
