EDITOR'S NOTE

As you can see this month's magazine is a bit on the slim side, and a couple of weeks late. This is due to the fact that I have been waiting to receive most of its contents from various people. The following are still outstanding:

- i) President's Report
- ii) Club Captain's Report
- iii) Brad's Article for his first event
- iv) Ron & Robin's Article for Mystery Run
- v) Minutes from last Meeting

Does this mean we will see points deducted due to not writing an article within 7 days of results being posted?

This may seem like a bit of a whinge, maybe it is! Andrew Norrie copped a lot of shit for not putting out any magazines for the last half of 1992, and since taking on the job myself I can see why he stopped bothering. This is only my third magazine and I realise it is not to the same standard as "Night Vision's" were but I still put a lot of time and effort into putting it together, the photocopying alone took from 9.30pm until 3.00am (five and a half hours) for the last issue. This issue will probably only have taken me two hours.

For the forthcoming magazines, for all those who wish to bother, I would appreciate any articles or information to be put in the magazine by the 6th of each month (that leaves me ten days to put it together)

But, who is Man?
Chicken?

clue no. one.
the drives!
a station!

WHILCOMBE HOME SIMON. For everyone who hadn't realised, we have our very own 'war hero' in the Club. Unfortunately he has sold his Escort and his Rover and bought a SS Commodore, we will no doubt see if Peter Brock should have entered in Motorkhana's instead of touring cars.

A hand-drawn illustration of two bones, possibly ribs, with a wavy line representing a surface or membrane to their left. The bones are drawn with a stippled texture to indicate shading. The top bone has a small, forked structure at its right end. The bottom bone is slightly longer and also has a similar forked structure at its right end. The wavy line on the left consists of several connected, rounded, 'u' shaped curves.

CLUB CALENDAR

12th June (New Date)	Khanacross (end of Drag Strip Shaws Road)
18th June	General Meeting (7.30pm The Shed)
27th June	Motorkhana (end of Drag Strip Shaws Road)
10th July (New Date)	Bluewater Rally (Bluewater Range)
8th August	Cardwell Rally (Forestry Cardwell)

NB

The dates for Bluewater Rally and Khanacross are changed from the last magazine.

For further information contact any one listed on the inside cover, or call past "The Shed"

Q.M.C.

Lisa's Article

As usual on the day training started at the Shed with explanations on how to use the handbrake on bitumen. I could only do it one way and that wasn't very good.

With Michelle and Angela chickening out saying that it was for professionals only, I didn't want to enter either. I looked at the test sheets "Oh my God, four reverse tests!!"

I was 7th car - 1st girl and straight after Basic and the dude in the Special, so naturally I was going to look really bad.

The first test I stuffed up, forgot a pole - my first WD, the second test was the same but I thought I got it right. Angela informed me that I was wrong ... On ya Flange.

After being mistaken for a boy I decided to try harder, anyway to cut out a lot of drivels I won out of the girls. Don't worry I was shocked too, only because Jo's car, the yellowie, wasn't too good and Robyn wasn't happy with the Greenie.

Up the mighty Greenie and smell my rubber in the next event.

Only one request please not so many reverse tests in the next Motorkhana.

THIS COULD

BE YOUR

CHANCE ! ! !

IT PAYS TO ADVERTISE

Advertise anything - anything at all !!!

Have your business name seen in our Club Magazine. 80 copies (and rising) sent out each month to the Townsville region, Brisbane and Interstate.

Just \$5.00 per page per issue or for a full year (12 issues) \$50.00

ECHO VALLEY HILL CLIMB

While Boxhead and I were in Brisbane having the Starion tuned we went to a hill climb event at Echo Valley in Toowoomba with Ken and Tanya. I have printed the results out of interest. May be Ken or Tanya will write an article about the event and send it up for publication. After all you did win your class Ken!!! But until we receive Ken's article I will tell you this much, the club grounds these guys have down there are unbelievable, there were 53 entries for the day and they had spectators who turned up to watch that weren't relatives of the competitors (as many, or more, spectators as there were competitors!) Finally I would like to thank Ken for all his help through my misfortunes, Tanya for the cough medicine, Rob for his help at 3am to get the car and trailer ready (and motivate me), Jen for sympathy and Boxhead for laughing and stirring me up when every thing was going wrong.

Leigh Activator
