EL PRESIDENTE REPORT

This is actually the report for both April & May as last month's report was a touch underdone.

The monthly meeting was held on the 16th of May with quite a few items being brought to people's attention.

One item of note was the dissatisfaction of the Rockhampton Club with our Northern Tropics Series, mainly due to a lack of information being given to them. Fees and points for Directors were addressed with an acceptance by us to pay their standard entry fee. Being their only fund raising event, it was considered acceptable for the sake of the series and a good event. Points will also be awarded to Directors for the Northern Tropics Series.

Another event to take place later in the year is the Stadium Event to be run by the Off Roaders.

Bruce Thorley from the Off Road Club came to the meeting and explained to us how the event will be run and how each class of car will be supported, with rally cars basically staying on the flat circuit. It sounds as though it will be an exciting and well run event and one we should support.

Sadly another member is leaving the Club with Killer moving down to New South Wales at the end of the month. Hopefully we may see him at Cardwell or Rooky some time. All the Best Killer. We had a send off for him last Saturday at Cactus Jacks then Arizonas and a vocal time was had by all, except me.

Keep an eye out for upcoming events. The first being, Bluewater Rally on Saturday 4th June. If you can't run, at least come up and have a look or give a hand if you can. It's a good day.

That's about it for me, so see ya at Bluewater.

GOOFREY alias GREG VAN DINTER.

PS THOUGHT FOR THE MONTH: Mixing rally cars and the Cluden intersection can be an

expensive sport - \$250 to be exact, so if you fell like a little drive, DON'T, go clean the fish

tank or something.

HECKLERS SAY

If you've been wondering why you haven't received a club magazine for a while it's quite simple nobody bothered to give me any articles and I don't have the time to chase everyone who owes me an article.

It was good to see a large number of competitors at our last kharacross. I spoke to one of the competitors a couple days after the event, at work and he's now looking to buy a car to compete in, which is good news. The only disappointed person at the event was poor old Goofrey. The scum runner died while getting the poles then he lost all his keys at the drag strip. Onya !Greggy. For those who don't know Tony Tunstell (KILLER) has moved back home to Sydney, so all the best to Killer.

Hopefully by the time you receive this magazine I will be on my way to Brisbane with Goofrey and Rude to help Leigh and Boxhead in their A.R.C bid and to see some old club members to talk over old times with-a drink of lemonade ??.

When I get back from Brisbane, work will begin on setting Cardwell Rally with Ken Long and Goofrey. Hopefully the rain won't have affected the course too much as Tully just up the road has received 12 ft of rain so far this year.

Congratulation sto the two super studs of the car club with Sue Anderson and Tanya Lynch both expecting babies.

That's about all I have to dribble about for now so to those people who owe me an article you know where I live and we'll make the next magazine volume size.

RALLY RAVINGS

It's hard to believe it but F.I.A. is actually talking about the possible demise of the 4wd turbo cars from rallying and going to front wheel drive 2litre cars. I've read some interesting comments on the idea but I have seen these two types of vehicles in action and there is no doubt which one gives spectators value for money.

Ross Dunkerton driving the new Mitsubishi Lancer RSE-2 won the Clipsal Rally in South Australia just ahead of Neal Bates Celica GT4 and Ed Ordynski Group N Lancer RSE-2.

While locally at Bluewater Range Rally, Lee Williams and navigator Tony Blackshaw had a good win over second place Leigh Achterberg and Mark Irving with Shawn Eggins and new navigator David Reim coming third. When asked how the event was going for him, Barry Anderson thought his driving was so bad he should have been wearing one of Sue's dresses instead of a driving suit.
