MAGAZINE SUBMISSIONS:

Anyone wishing to submit Articles, Information, For Sales, etc. for the next magazine please call me or send the article. Closing deadline for magazine is the Thursday following meetings.

Ph & Fax; (07) 47727292(H) E-Mail: rebeldog@aapt.net.au

I am open to suggestions for articles in the magazine eg. Tech Tips, News and Views, etc. so don't be shy. A club magazine is the lifeblood of a club; it informs members, sponsors (I hope you give the people that support you a copy) and keeps the interest up. So if you have something to say, say it in the magazine so ALL members get to know about it.

PRESIDENT'S REPORT

So Ron, where is it?

EDITOR'S REPORT

Remember, everyone likes to hear about your driving adventures, including events you have entered – so, how about some of you putting pen to paper and creating a literary masterpiece for the magazine!

Also, please let me know if you are coming to the Christmas Party. We need to know how many for the catering.

Deb Melrose

SECRETARY'S REPORT

Too busy, too late!

Club Captain Report

It's good to see the club getting active again with lots of planning and feverish activity going on at the moment. We need to keep this momentum going to ensure 2007 has a variety of events, which can be held regularly. Between bitumen & dirt motorkhanas & now a Woodstock khanacross, we hopefully are appealing to all members & have something to suit all cars.

Motorkhanas: are attracting a good range of entrants from first timers to the return of the original stalwarts of the club. Feedback has been encouraging and the lay out at our most recent event although looking shaky with resident trucks at the start proved far better. Safety issues, the pit area and spectator viewing worked well with only some minor twiggling here and there now needed.

Ayr: Very good response & feedback from everyone that attended. Venue excellent, great country style food, very good amenities, track spot on, camping & company none better. Thank you Chris & Gail on a well run event. We are all looking forward to the next one.

Woodstock: looking good and a new style of event for our newer members to try.

ENTRY FORMS: Please ensure **ALL details** are **filled out correctly**. This means entrant vehicle owners name and signature, drivers details, vehicle details, parental consent for under 18 & third party extension insurance & civil licence details if required.

LICENCES: lots of issues here. Please ensure all your licences are **CURRENT** and appropriate for the event you want to do. By law you need to show officials your licence at every event you enter. If you cannot produce your current licence you can either not enter the event or purchase a new licence or stat.dec document. Get prepared well before the event.

Club Membership: to enter an event you need to be a current member of an affiliated club. Officials need to view your membership card at each event. Again keep your membership current & on you or pay the fees.

Welcome to all our new members. We are a progressive, like-minded, fun club with close to 100 financial members currently. Please feel free to contact any of the committee if you are unsure of upcoming event details and requirements or you have an idea or comment to make.

Event Rules: What the event director says goes. The same rule/s applies to all entrants. Got a gripe, go to an official immediately, don't mull it over with your mates in the pits.

Mentors: have had very positive feedback from new & junior entrants on the help & advice they have been receiving from more experienced members. We now need this principal applied to our newer officials. If you can help or advise them on paperwork, running of events, course layouts or simple & easy ways to achieve optimum fun with less work, please help out.

Missing Gear: club gear is still missing in action. Please check you haven't inadvertently picked up club gear with your own. If you find something ring either Ron, Chris or Wendy.

Purchases: Some items of club gear need to be replaced, updated and invested in. The past year has seen members using their own gear for club held events which is simply not fair or correct. As discussed at our recent meeting several members are getting prices together for these items to present at our next meeting.

Thank you: To all the officials who have helped me out over the past few months. Chris & Gail for organising & running Ayr & all your behind the scene activities for our other recent events.

Kerry & your pit area work, it makes my timing job so much easier.

Deb & Lance for storage, care & maintenance of club equipment.

Ron for your help, advice & smirk when I ask an over the top question.

LEXMARK Gold Coast Indy
October 19th – 22nd, 2006

Well, I reckon I have seen enough boobs, bum, legs and general cleavage to last me a lifetime! I think that sentence sums up the 4 days we spent at the Gold Coast! I came home with a full blown mid life crisis – I'm not blonde, I'm too old. my legs aren't long enough, my boobs are real and they aren't big enough! Woe is me! Peter, Lance and Richard did reply to my comments about how male oriented it was by saying that there was plenty of "eye candy" for me too! But, my reply was "yeah right, they are 19-24, their butt cracks are hanging out, their pubic hairs are holding their pants up at the front and they are pissed!" A real turn on!

But, yes, in answer to your question – we did actually see some great motor racing! Our seats in the grandstand were excellent – right on the Lexmark Hairpin just before the final straight. We also had a big screen across the track from us – what more can you ask for! We did walk right around the track, checking out all the spots and were glad we had seats. We found Mick the Firey on his corner and had a chat. There were lots of prangs on his corner too. Wendy and Lew spotted us as well. Townsville was out in force.

Peter, Richard and Lance (and me too!) did spend a fair bit of time looking up though – not only at the boobs on display on the apartment balconies, but also at the many helicopters, including Black Hawks and a giant Sea King helicopter, and the F18s that flew overhead. This also included having our hats blown off on one occasion. There was a lot of on track entertainment including a fine example of our tax dollars at work! There was a V8 Land Rover that was driven by Army guys that did amazing burnouts down the straights! There were motorbikes and cars doing burnouts and cars drifting. Oh yes, don't forget that in amongst all of this there were the Carrera Cup Porsches, Aussie cars, V8 Super Cars, V8 utes and the Champ Cars. Apparently we were there to watch motor racing! Did I mention that there were boobs as well! Everywhere!

It was a great 4 days of activity and we had a lot of fun. But, you all have to ask Peter how the strippers were in the night clubs and ask Lance how he got the cut beside his left eye! See ya.

Debra Melrose

Thanks

Thanks to Universal Mitre 10 Hardware for having a great quick shade available for hire at a good price. We will definitely be utilizing this at future events. It came in very handy at the Auy Motorkhana.

An Invitation

National Officiating Program

'One of CAMS key initiatives is to improve and simplify the NOP licensing processes and category structure.'

The CAMS National Officiating Program (NOP) underwent a formal review in 2005 to ensure that it continued to meet the needs and expectations of CAMS event organisers, category managers, competitors, officials and affiliated clubs.

Together with the assistance of state and national subject matter experts, a **new and vastly improved officials' licensing structure** has been approved by the National Officiating Committee and the CAMS Board.

It is anticipated that this new and vastly improved officials' licensing structure will be commissioned in the first half of 2007.

Dr Robert Nethercote, CEO of CAMS, on behalf of the Board of CAMS and Paul Overell, Chairman-Queensland State Council, on behalf of the Queensland State Council, cordially invite you to attend an **information presentation** introducing this new and vastly improved officials' licensing structure. CAMS encourages your attendance and our presenters look forward to welcoming you on the night.

A 12 year old boy was walking down the street when a car pulled up beside him and the window was wound down.

"I'll give you a bag of lollies if you get in the car" said the driver. "No way, get stuffed", replied the boy.

"How about a bag of lollies and \$10?" asked the driver. "I said no way" replied the irritated youngster.

"What about a bag of lollies and \$50 eh?" quizzed the driver, still rolling slowly to keep up with the walking boy.

"No, I'm not getting in the fricking car!" answered the boy.

"Okay, okay, I know what you want. I'll give you \$100 and a bag of lollies" the driver offered.

"No!", screamed the boy.

"What will it take for you to get in the car?" asked the driver with a long sigh.

The boy replied, "Listen Dad, you bought the Volvo, you live with it."
